OBJECTIVES

In recent years, fintech has come to the forefront, applications have flourished, and cross-border integration of financial and technological innovation has made financial services more efficient. In order to grow Taiwan's fintech, and nurture startups and talent, guided by the FSC, the TFSR jointly established a FinTech Development Fund with 13 units: banks, securities, futures, investment advisors, insurers, stock and futures exchanges, OTC, TDCC, FISC, JCIC, and NCCC. It is Taiwan's first public welfare fund for fintech development.

In December 2018 , guided by the FSC and supported by the FinTech Development Fund, TFSR and TABF jointly organized the 1st FinTech Taipei to great acclaim. The 2019 expo and 2020 forum gathered hundreds of VIPs, exhibitors, businesses, and government, research, and academic institutions, nearly a hundred international teams, and tens of thousands of visitors, demonstrating Taiwan's fintech potential. FinTech Taipei will be continued this year, becoming a model for fintech exchange, cooperation, and innovation, aiming for economies of scale through cross-industry integration, and demonstrating Taiwan's vigor in fintech, making it a hub for experimentation and innovation.
