Business Proposal

Apple juice

check why it's different
from all the others

Orchard

The orchard was founded in 1964 by Grandpa Rajewski, who was one of the founders of the then Agricultural Academy in Szczecin, the present West Pomeranian University of Technology. The orchard is currently run by the third generation of fruit growers. With respect for nature, tradition, with a passion for creation, we nurture apple trees in several varieties, pear trees and many others ... and we produce juice, no added sugar, no dyes, no preservatives, with natural sediment, cold pressed.

People

first of all, the Family, the one that we constantly remember and the one that we create. It is impossible to create effects, high-quality products without experience, learning and work. The final product is not just apple juice. They are fruits that have a history in the rings of trees. These are years of observation and learning from it.

Idea

This juice is different from the rest because we only make it from delicatessen, premium fruit ...and the fruit grower is like a winemaker. He tastes, smells, judges the aroma and color ... and then tries again. It must taste perfect!

The juice is cold pressed, lightly pasteurized, so it has an expiration date of about 6 months

Loyalty to varieties

This is our greatest economic challenge, but also the greatest pride and joy in achieving the expected results. Each juice is made from only one variety of apples.

Ligol – sweet, perfect for children,
Papierówka – refreshing, perfect for hot weather,
Melarose – a bit dry,
Celesta – pleasantly sour, Idared – perfectly balanced sweetness,
Apple + pear – a ligol apple with a sweet conference – perfect for autumn days.

NEW apple + beetroot – thanks to brushing the beetroot before pressing, we retain a sweet aroma without an earthy aftertaste. *

Collective package - 16 pcs. In a box - gross weight 9 kg.
Europallet - 75 boxes. Estimated weight about 700 kg.

WE ALSO MAKE JUICE IN 5 LITER BAG IN BOX

* Types of juices available seasonally, rotating, depending on the currently fruiting apple variety.

We are the laureate of many local and national awards, including:
 "Pearl of flavors 2022"
 "Made in Szczecin" certificate for leading companies in the region,
 'Culinary Heritage' certificate,
 The "Entrepreneur of the year 2021" award for corporate social responsibility
 Awards at the Agricultural Fair for the best product,
 The "Business Magnolia" award supporting female entrepreneurship.
