Manufacturing process Customized to Fit Your Requirements

We specialize in comprehensive metalworking solutions, offering a wide range of manufacturing services to meet the needs of various industries. Whether it's furniture components that combine strength and outstanding design, retail display equipment that enhances organization and visual appeal, or architectural products that elevate spaces with modern aesthetics, we deliver high-quality solutions crafted to your specifications.

With high production standards and a deep understanding of the EU market, we are committed to being your trusted partner in providing top-tier products. From consultation to final delivery, our professional services are designed to support your business success.

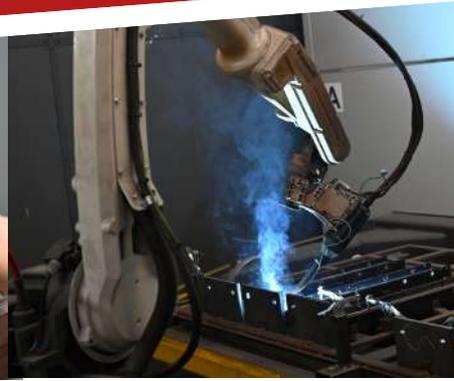

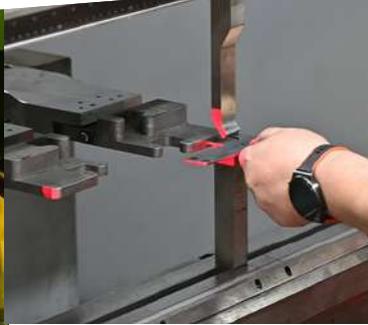

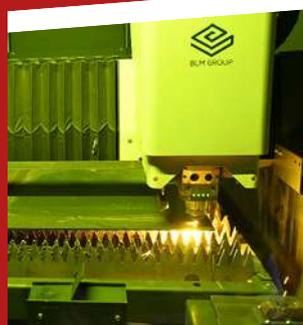

Advanced machinery : The Foundation of Quality and Precision

Equipped with state-of-the-art machinery and advanced technology, we are capable of handling a wide range of metalworking processes, including cutting, bending, welding, and surface finishing. We pay meticulous attention to every detail in the production process to ensure precision and adherence to the highest standards.

Our machinery is designed to accommodate various materials and complex tasks. We can customize production to meet your specific requirements, whether it's small components, large-scale pieces, or projects requiring exceptional craftsmanship. Trust us to be your reliable partner in achieving success.

IN OUR MACHINE PARK YOU WILL FIND, AMONG OTHER THINGS:

- SHEET METAL LASER CUTTER BLM LS5 FIBER
- SHEET METAL LASER CUTTER BLM LS7 FIBER
- TUBE LASER CUTTER BLM LT7
- PRESS BRAKE M125X3200
- PRESS BRAKE LVD PPEB-8 135/30
- TUBES BENDING MACHINE SHUZ TUNG CNC65B3
- ROBOTIC WELDING STATION PANASONIC TM2000WG
- POWDER COATING LINE WITH TWO 4.5M OVENS

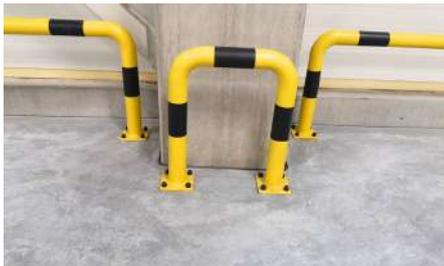

Comprehensive Metalworking Products for Every Industry

We have the capability to manufacture products with metal as the predominant material, tailored to meet the needs of any industry.

Our completed projects have been utilized across a range of sectors, including:

Hoop barriers

Steel railings

Stairs and canopies

Furniture industry

Street furniture

Store equipment

Structural components

Small metal components

Steel constructions

Entrust the manufacturing of your products to experienced specialists.
