On getsix<sup>®</sup> tenant  
- shared environment

Implementation of the Microsoft Dynamics 365 Business Central financial module

### Technology for accounting

Customer BI and Reporting Portal:  
Financial reports ✓  
Management reports ✓

getsix<sup>®</sup> Incoming Invoices Portal

Automations and integrations of data from external sources

### BPO

We take over the management of simple repetitive processes on the client's system

SERVICE STANDARDS  
**TRUSTED SOLUTIONS**  
**FOR YOUR BUSINESS**

**getsix®**  
**Customer Extranet**

getsix® standard

**getsix®**  
**Information Service**

getsix® standard

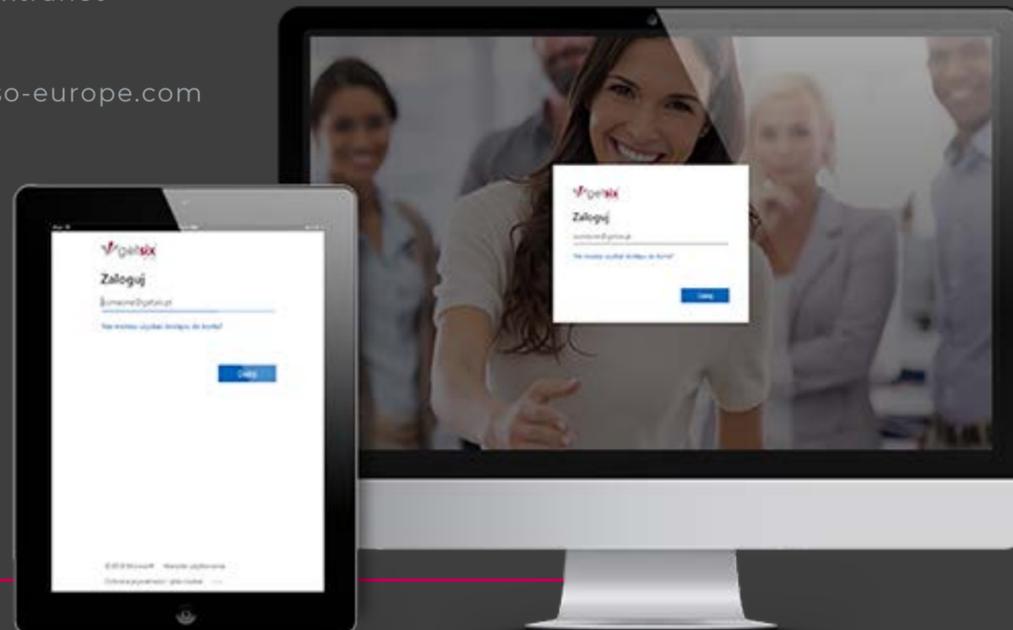

Our client portal is used for document delivery and provides convenient and secure access to accounting reports. With automatic notifications and intuitive interface, document management becomes simple and efficient.

For our clients, we prepare newsletters on legal and tax changes available in three languages: Polish, English, and German, as well as Customer Information – personalized updates regarding the changes most relevant to you.

SERVICE STANDARDS  
TRUSTED SOLUTIONS  
FOR YOUR BUSINESS

Individual  
Account Manager

getsix® standard

We guarantee direct contact with your assigned Account Manager, who will provide **personalized support tailored to your needs**. Our team is always ready to deliver professional support at the highest level, ensuring the satisfaction and comfort of our clients.

Communication, reporting  
and contracts in 3 languages

getsix® standard

In accordance with our clients' preferences, we offer communication in three languages: **Polish, English, and German**. We also provide reports, forms, and other necessary documents in these languages, ensuring clear collaboration in an international environment.

Quality of service  
and data security

getsix® standard

We are certified to ISO 9001:2015, which documents the quality and customer orientation of our company. We conduct an annual customer feedback survey and have a Quality Section on the Helpdesk where you can report any problems.

We take data security very seriously, as evidenced by our "Information Security Management System" certification in accordance with ISO/IEC 27001: 2013.

# MICROSOFT DYNAMICS 365 BUSINESS CENTRAL

## CHOICE OF ACCOUNTING SERVICE DELIVERY FORMAT

We provide accounting services using Microsoft Dynamics 365 Business Central.

You can choose between maintaining your accounting in a shared environment or on a standalone system that you own.

The implementation of the financial module of the ERP-class software Microsoft Dynamics 365 Business Central is carried out simultaneously with the takeover of accounting services. This ensures that the entire process runs smoothly and without the need for intermediaries, significantly reducing implementation costs.

 Microsoft Dynamics 365 Business Central

# BENEFITS OF ACCOUNTING ON THE MICROSOFT DYNAMICS 365 BUSINESS CENTRAL

## Form of accounting services

MICROSOFT DYNAMICS 365 BUSINESS CENTRAL

Stand alone solution

Shared environment

Issuing and automatic posting of outgoing invoices

# GETSIX<sup>®</sup> INCOMING INVOICES PORTAL

## AUTOMATIC COLLECTION OF INVOICES AND STREAMLINING THE APPROVAL PROCESS

At getsix<sup>®</sup>, we have 2 standard methods for delivering incoming invoices:

- ✓ delivery to a dedicated email address
- ✓ upload to getsix<sup>®</sup> Customer Extranet

Additionally, we can offer the option to use the **getsix<sup>®</sup> Incoming Invoices Portal**, which allows for automatic retrieval of invoices from over 10,000 portals and implements an approval workflow for accounting, greatly simplifying the process of collecting and approving invoices within the client's organization.
