

TT TECHNOLOGY[®]

Lighting is your power

The History of the TT Technology Brand

In 2015, we introduced a new brand, **TT Technology**, which, thanks to the highest standards of quality, technological innovation, and professional service, earned trust and became a hit in many market segments. We continue to actively expand our portfolio of solutions in the field of vehicle lighting, ensuring the safety and comfort of users.

My goal, as the owner of the company and team leader, is to keep listening to the experiences and needs of our Clients, observing the latest trends, and constantly improving the products we offer. I also make sure that our solutions are **ECO Friendly**.

Together with my team, we continuously strive to develop our skills and improve our products and services, which translates into the trust of our Clients and the quality of cooperation with our business partners in both domestic and international markets. We already have over 500 partners and are still growing...

KRZYSZTOF TRITT

Creator and owner of the **TT Technology**

The TT Technology Brand

TT Technology is a brand that has been providing customers with the highest quality LED lighting for vehicles and machines for 10 years.

Our products are characterized by low energy consumption while maintaining high efficiency and energy savings.

This is possible thanks to the use of advanced LED diodes from renowned manufacturers and multi-level, expert quality control.

Our Clients have trusted us, and thanks to them, we are present in the markets of many European countries.

Why you should trust us?

The **TT Technology** brand sets market trends in the field of lighting for vehicles and machines, ensuring the comfort and safety of customers and their surroundings.

- An expert and educator in the field of innovative vehicle lighting.
- A pioneer and innovator in the area of modern vehicle lighting technologies.
- A responsible, environmentally friendly brand, caring for the future of planet Earth.
- A brand actively supporting people in need and local communities.
- A brand committed to the development of its team's skills, expanding customer knowledge, and fostering talent among youth.
